Mr Murry Watkins  
Edgewater Md.

Dear Murry:

I am writing to tell you I think you should get into a defence job as soon as possible. There is no question about fathers being drafted very soon now if they are not doing something to help the war at home.

I hope the trip was successful, and I do hope you are back home. Let me know as soon as you get settled and what you are doing.

Please fill this form out for The Pittsburg Courier, and mail it back to me in the enclosed envelope.

Let me hear from you soon.

Very Truly Yours
